Work Experience

My Portfolio
2022-2023

- Built and designed my personal portfolio using svelte and Tailwind CSS.
- Maintain / improve additional content and functionalities to site as experience grows.
- Fully responsive

Discord Landing Page Clone
2022-2023

- Built from scratch from the Discord website with React and Tailwind CSS.
- Fully functional landing page.

ToDo List
2021-2022

- Designed and built a fully functional todo list using Svelte and Tailwind CSS.
- Showcases some API experience with the help of Supabase which hosts the database.
- Created and managed the database.
